2017 Make It Greater Grants announced

Hutchinson Community Foundation is excited to announce the 2017 Make It Greater Grants! These grants are open to Reno County residents and organizations who have great ideas for bringing community members together on projects that spark community spirit and pride, build social capital and create opportunities for positive changes that make our county a healthier and happier place to live. These grants are small but have the potential to make a big difference in how we feel about our communities.

This year’s eleven awards range from $750-$2,500, totaling over $17,000. Funds for these grants will come from the Fund for Hutchinson, which is Hutchinson Community Foundation’s unrestricted fund for the ever-changing needs of Reno County. Hutchinson Community Foundation’s Donor Advised Fund holders partnered in making these grants possible through the Foundation’s Giving Together program, which informs donors of community needs and opportunities to give.
